Ashtabula, Ohio

To those who raise gladiolus for pleasure and profit:

The enclosed list was made up for the wholesale trade only, so most of the varieties are listed at 1,000 rate instead of by the 100. To arrive at a price, figure 25 bulbs or more at 1,000 rate. No order under 25 of one variety figured at this rate. We issue no retail list the season of 1927.

Number 4 bulbs and up will bloom the season of 1927. The smaller varieties give a greater increase in bulblets than the larger. It pleases us to state we are getting many unsolicited testimonials already from last season's customers. No money spent in expensive catalogues but we have the bulbs that will satisfy our customers.
